

WORKWISE ENGLISH QUIZZES

Sample Quizzes

Teacher notes, text and answers

These are sample quizzes, introducing Workwise English Quizzes.

- These slide-show quizzes are saved as mp4 videos, to be played on a 'big screen' in a classroom, library, lunchroom or reception area.
- Each 10-minute quiz has 20 questions covering grammar, vocabulary and idiomatic language, including some 'Aussie' idiom (all 'workwise').
- Each question slide has 20 seconds for reading time, with a countdown timer. Then the answer slide appears for 8 seconds.
- The Level 2 sample quiz, and the set of Quizzes 2a to 2j, are at pre-intermediate level, but could also be used as an 'easy review' for intermediate learners.
- The Level 3 sample quiz, and the set of Quizzes 3a to 3j, are at intermediate level.
- The aim is about 1/3 easy questions, 1/3 'have to think', 1/3 challenging.
- Stop the video to discuss the questions (or for students to take a photo).
- The timer rings and flashes after 20 seconds. Turn off the audio if you don't want sound—in a library, for example.

How to use—your choice! Possibilities include:

- As a team game, to encourage team work
- As a way to prepare students for competitive online quizzes
- For the first 10 minutes of class when people are drifting in
- At the end of class when everyone is tired
- As an informal diagnostic tool
- As a post-writing 'reward'
- On 'loop' while you are out of the classroom
- In a library, reception area or lunch room, on 'loop', for casual viewing

Practical suggestions—some options

- Give each team 3 cards marked with A, B and C, so they can hold up their answers.
- Get each team to choose a 'runner' to mark their choice on the board.
- Get a student to be 'Quiz Wizard' and host the show/read questions aloud.
- Do a 'retest' quiz the following week and see if everyone gets 100%.
- Ask the students who got correct answers to give a mini-lesson to those who didn't.

Text and answers

- The questions and answers are listed on the following pages.
- These answer pages are not laid out for learner use. They're simply a reference for you, so that you know what's coming up next.
- The correct answer is in bold. The word [Pic] indicates that the picture gives the answer.
- Please contact me: info@thebooknextdoor if you have queries about any of the questions. You can also register your copy and receive any updates and information on other quiz sets.
